# Layer 2 Fast Ethernet Switches

## Managed Layer 2 Ethernet switches

Segmented workgroup switches for managed networks requiring uplinks to a server or backbone.

### AT-3700 series of managed Ethernet switches with Fast Ethernet uplinks

#### AT-3726XL, AT-D3726XL

TAA

One 10/100TX uplink included

BEST VALUE

Optional 100FX or 10/100TX uplink

Int Pwr	VLAN	Store	Mirror	Full Dplx	Spanning	Link
AutoNeg	19"	LED	RS232C	SNMP	Download	Uplink
Web Mgt	Telnet	Security				

T-SW x 24 ports

10/100TX-SW x 1 port Extend x 1 port

#### AT-3726XL-xx AT-D3726XL-xx

xx = 10 for US power cord, 20 for no power cord, 30 for UK power cord, 50 for European power cord, 40 for Australian power cord

**Physical specs:** 440mm by 320mm by 66mm, 4.9 Kg, 17.3" x 12.6" x 2.6", 10.8lbs

- Supports 2,048 MAC addresses
- Dedicated port for port mirroring
- 802.1Q VLAN tagging
- Features Web-based management
- Rackmounts included
- \*48VDC Powered (AT-D3726XL only)

#### AT-3714FXL

TAA

One 100FX uplink port included

FIBRE

Optional 100FX or 10/100TX uplink

Int Pwr	VLAN	Store	Mirror	Full Dplx	Spanning	Uplink
19"	LED	RS232C	SNMP	Download	Link	Web Mgt
Telnet	Security					

FL-SW x 12 ports (SC or ST)

100FX-SW x 1 port Extend x 1 port

#### AT-3714FXL/SC-xx AT-3714FXL/ST-xx

xx = 10 for US power cord, 20 for no power cord, 30 for UK power cord, 50 for European power cord, 40 for Australian power cord

**Physical specs:** 440mm by 320mm by 66mm, 4.9 Kg, 17.3" x 12.6" x 2.6", 10.8lbs

- Supports 2,048 MAC addresses
- Dedicated port for port mirroring
- 802.1Q VLAN tagging
- Features Web-based management
- Rackmounts included

### Optional AT-3700 series uplinks

FIBRE

#### AT-A10

10/100TX-SW x 1 Port, RJ45

#### AT-A11

100FX-SW x 1 Port, Fibre SC

#### AT-A20

100FX-SW x 1 Port, Fibre MT-RJ

#### AT-A21

100FX-SW x 1 Port, Fibre VF-45

- AT-A10 has 10/100 auto-negotiation
- AT-A11, A20, A21 has multi-mode fibre
